Place: OGMCOAL

Hey Dave,

Just wanted to touch bases with you on a couple things. I'm guessing from your e-mail that the revised Centennial Water Monitoring plan could be coming in around September 19th as opposed to July 19th?

Also I wanted to give you a quick reminder that the due date for Crandall's response to the Division order on mine water discharge is due September 18th.

Let me know if I can help in any way with either of these tasks.

Thanks Dave,
Steve

Hi Steve...I just spoke to Karla and we plan to meet next Wednesday (the 10th) to go over the submittal. If all goes well I may be able to have a submittal ready for you by the end of the following week, around July 19.

Dave

Subject: Centennial: Revised Water Monitoring Plan

Dave,

I wanted to touch bases with you on the revisions that were done to the Centennial Water Monitoring Plan back in 2007. This is an amendment that's fallen through the cracks and we need to get it moving forward again.

The Division granted a conditional approval for the proposed changes to the monitoring plan. The letter is dated June 26, 2007. I've attached the letter the Division sent that outlines the conditional approval for the monitoring plan.

Could you let me know what sort of time frame we'd be looking at to get this one off the books?

Thanks,
Steve

p.s. Have a great weekend.
